Product Code: BP053-10

DANGER

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 10 litre polythene containers in a cardboard carton. Cardboard contains 1 x 10L product.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is secure at all times.	Transfer containers to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Store in original sealed container and protect from extremes of temperature.	Minimal risk of spillage if caps are firmly in place. Caps are not child proof. Keep out of reach of children.	Ensure that the product is stored away securely, product contains ethoxylated alcohol and sodium dodecylbenzenesulfonate. Keep containers in secure storage areas. Store all containers below chest height to minimise risk of dropping. Restrict access to storage areas to authorised personnel.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure that containers are not split or blown.
USAGE			
Pour the product into the main wash dispenser or dispense into machine through an electronic dispenser. Always check the garment's care label and follow washing instructions. For heavy soiling use 12-15mls per kilo of fabric and for normal soiling use 10-12mls per kilo of fabric.	Avoid skin and eye contact. Causes serious eye damage. May cause skin irritation.	Handle the containers with care. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use.	Provide employees with PPE as follows: <ul style="list-style-type: none"> • Protective overall • Safety glasses • Protective gloves Ensure that operatives are aware of location of First Aid facilities.
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do so. Continue rinsing. Immediately call a POISON CENTRE or doctor. If ingested rinse mouth out with water. Do NOT induce vomiting. Immediately call a POISON CENTRE.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (ie drain outside the building).	Ensure that all operatives wear Personal Protective Equipment at all times during disposal.
