

Product Usage Guide

BE006-5

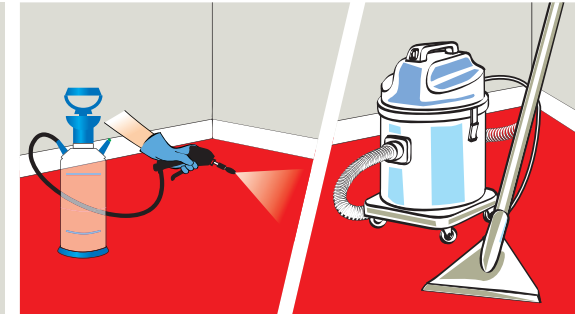

For treatment of stains, use as a pre-treat spray and then extract out with the carpet cleaning machine.

1 Use appropriate PPE as indicated in the Safety Data Sheet.

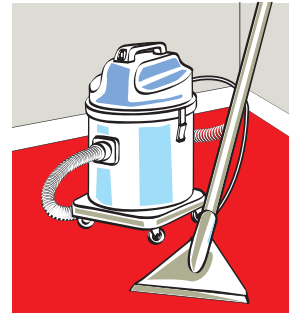

2 Place Safety Signs.

3 Apply with a pressure sprayer. (Can also be added through extraction cleaning machine.)

4 Brush well into pile with pile brush.

5 Extract with the carpet extraction machine.

6 Remove Safety Signs.
